AGAINST NORWICH DIVISION Minority Report Is Expected from House Chairman Back.

(Special to The Bulletin.) Hartford, May 4 .- Mr. Back, of Killingly, house chairman of the committee on new towns and probate districts, has for some reason not too plainly apparent, held up beyond the usual limit the unfavorable report of the committee on the Ricketson petition for the division of the town of Norwich. Some three weeks ago the com-mittee decided by a vote of 7 to 4 to make unfavorable report of the prop-osition to the house, but no report has yet been made. Ever since committee action was taken effort has been made, action was taken effort has been made, so it is understood, to have one of the seven legislators flop to the other side, and thereby enable the house chairman to submit a favorable report on the separation scheme. Mr. Back stated in the house Monday when there was discussion on another matter that he believed it the duty of all members to stand by the report of the committeemen, who had given the matter under consideration their best attention, and that he would support the committee report. Therefore, if consistent, he ought to stand by the majority report of the committee of which he is a member, on the Ricketson petition.

son petition.

Tuesday afternoon, at the request of Mr. Back, there was an executive session of the committee on new towns and probate districts with all members present except Mr. Williamson of Darien, who is on a trip to Bermuda. The committee is composed of thirteen members and a second vote was taken on the Ricketson petition, the seven Commissions signed by Governor Hol-comb have been received by Senator William W.
